

“Imagine your own private corporate postal stream...”

## Corporate Inter Office Express

A new and innovative private office to office mailing solution, allowing for rapid delivery at a reduced cost. This solution will permit each company to mail within their own chosen closed loop system. Mailing within this network of affiliates will be your company's key to security, and will provide a cost effective solution for your corporate mailing needs.

### Security/Safety

Protect your employees from potentially contaminated mail.

#### Tracking Opportunities

Tracking available from pick to delivery.

#### Closed loop system

Each company's mail within their chosen network will act as a physical mail firewall.

#### Isolated system

Mail will never touch any other company's mail nor will there be an opportunity for foreign mailing machines to contaminate mail within each closed loop system.

#### Personal pick up and delivery

No unsecured drop boxes. All mail will be hand delivered and personally picked up.

### Reduce Company Costs

Save up to 50% off postal prices

20% off First Class postage

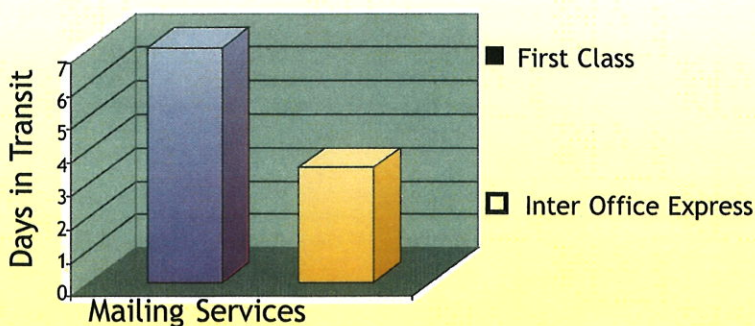

50% off priority mail

Save on labor costs

There will be absolutely no need for employees to handle or process mail for each individual facility within the network of affiliates. Inter Office Express includes a full pickup, sort and process for all offices within each chosen network.

### Rapid Delivery

Reduce transit times with *Inter Office Express*.
